

Product Specification

STANDARD BUSINESS CARD WITH FOIL STAMPING - BC-SHS

Size & Orientation

54 mm x 89 mm  
( Portrait )

89 mm x 54 mm  
( Landscape )

Material & Thickness

Paper Thickness Guide (Approximate)

**250gsm Art Card** – Approx.  $\pm$ 0.25mm Thickness

**310gsm Art Card** – Approx.  $\pm$ 0.33mm Thickness

**360gsm Art Card** – Approx.  $\pm$ 0.40mm Thickness

\*Paper thickness may vary slightly between material batches.  
Final thickness may also differ depending on the finishing applied.

Lamination & Other Finishing

Gloss Lamination

Matte Lamination

Foil Stamping

Round Corner - Optional

Printing Side

Front Only ( Back White )

Both Side

Production Information

|                                    |                                                                                                     |
|------------------------------------|-----------------------------------------------------------------------------------------------------|
| Minimum Order                      | 50 PCS                                                                                              |
| Color Mode                         | Cmyk                                                                                                |
| Printing Method                    | Digital Printing                                                                                    |
| Process Day                        | 3 - 4 Working Days                                                                                  |
| Order Spec                         | Working Days                                                                                        |
| Print + Lamination + Foil Stamping | 2 - 3 days <small>Orders approved after 12:00 PM will be processed on the next working day.</small> |
| Round Color                        | + 1 days                                                                                            |

Remark:

1. Color Accuracy
  - Printed colors may vary slightly from screen display due to printing and paper material differences.
  - Deep or full-color backgrounds (especially dark red, navy, or black) may appear slightly darker or less vibrant after printing.
  - Reprints or different batches may show minor color variation.
- 2.Die-Cut & Cutting Tolerance
  - Die-cut and trimming may have a tolerance of  $\pm$ 1–3mm.
  - Please avoid placing important text, logos, QR codes, or design elements too close to the cutting line.
  - Slight alignment differences may occur during finishing and die-cut processes.
- 3.Foil Stamping Tolerance
  - Foil Stamping registration may vary by approximately  $\pm$ 0.2-0.3mm.
  - Small text, fine lines, and critical design elements are not recommended for Foil Stamping application.
4. Production Tolerance
  - Finished products may have slight variations in size, corner radius, and finishing alignment due to manufacturing processes.
