Printing Method	Offset Printing
Process Day	9 - 13 Working Days
Order Spec	Working Days
Hot Stamping 1 C	9 - 10 days Orders approved after 12:00 PM will be processed on the next working day.
Hot Stamping 2C / 3C	+ 2 days
Emboss	+ 1 days

Remark:

- 1. Color Accuracy**
- Printed colors may vary slightly from screen display due to printing and paper material differences.
 - Deep or full-color backgrounds (especially dark red, navy, or black) may appear slightly darker or less vibrant after printing.
 - Reprints or different batches may show minor color variation.
- 2. Folding & Gluing Line**
- Slight paper cracks or color lines may appear along the folding edge — this is normal, especially on dark or thick materials.
 - Please avoid placing important text or artwork near the gluing line (approx. 5-7mm from the edge).
 - For full-color designs, consider leaving the folding area lighter to minimize visible cracks.
- 3. Hot Stamping & Emboss**
- Hot stamping or embossing may cause minor paper warping due to pressure and heat.
 - Metallic colors (Gold / Silver / Red) may appear differently depending on paper texture.
 - Extremely fine lines or small text (below 0.5pt) may not stamp clearly.
- 4. Production Tolerance**
- Glued products may have 1-2mm size tolerance.
